"EDUCATION IS WHAT EDUCATION DOES"

We at Pride Walk Academy try to unlock new ways of viewing problems and open doors to a brand new world of potential solutions and perceptions. We firmly believe schooling and education should be synonymous, at least to the extent that schooling needs to be education oriented. Education means a holistic development of human potential and personality - physical, mental, moral and spiritual. Education paves the path to knowledge and knowledge leads to wisdom. Thus, at Pride Walk we work towards the maximum development of every young mind. Only then will we be able to address our requirements of world leadership, our hopes for economic growth and our demands of able citizenship. Each passing year is a learning experience; it is an endless journey which opens up new vistas of development, where there is neither scope nor room for pettiness, disharmony, jealousy, hatred, enmity or complacency.

Hence, we believe our Prideens will **Reach High, Reach Ahead, Reach Beyond** and endeavor to make a world better place.

"KINDERGARTEN"
